

Giant Animal Faces

Goal: Create animal faces with shapes.

You will need:

- Large foam (or cardboard) shapes

What to Do:

- Choose a favorite animal. What shapes do you see in the animal's face?
- Make the animal's face with at least three different shapes. What shapes will you use for the eyes, ears, mouth, snout, nose, horns, etc.? Arrange the shapes on the floor or a table.
- Ask people to guess what animal you made.

More to Do:

- Start with the animal face you created. Add or take away foam shapes to create a different animal. Tell someone what animal you started with and how you changed it to make a new animal.
- Create an animal face with a partner. Then figure out how you will change it to turn it into a tiger, an elephant, or a lion face.
- Create a fantasy animal face that you wish existed in real life. Tell someone what shapes you used to create the fantasy animal face.
